1. Product Overview

dealerDeck.ai is an AI-powered creative platform built for automotive dealerships in India. It is marketed as India's first AI tool to create dealership posters, letting dealerships generate professional, agency-quality marketing creatives (posters, social media graphics, WhatsApp-ready images) instantly, without needing a design agency.

Core value propositions communicated on the site:

- Costs roughly 80% less than a traditional design agency.
- 100% brand compliance and adherence to corporate design standards (correct fonts, colors, logos per manufacturer brand guidelines).
- Agency-level creative quality, generated in seconds/minutes rather than days.
- Content owned entirely by the dealership — full commercial usage rights.

2. Types of Posters / Creatives Supported

dealerDeck.ai supports the following creative categories. Support agents can use this list to point users to the right poster type for their need.

Poster Type	Description
Single Model Poster	High-end, cinematic shots of a single vehicle with full control over the environment/background.
Multi Model Poster	Complex scenes composited with multiple vehicles and interactive dealership backgrounds.
Range Poster	Showcases a full vehicle lineup / model range with comprehensive variant options in one creative.
Price Hike Poster	Alerts customers to an upcoming price revision, encouraging early bookings.
Hiring Poster	Recruitment graphics tailored for dealership sales, service, and administrative roles.
Wishes Poster	Festival wishes, work-anniversary wishes, and birthday wishes creatives.
Delivery Poster	Celebrates vehicle deliveries and customer handovers with stylized creatives.

3. How It Works (4-Step Process)

Step 1 — Register & Get Started

Create an account to access the dashboard and start requesting creatives.

Step 2 — Setup Dealership

Create the dealership login, enter basic dealership details, and purchase a subscription plan.

Step 3 — Start Creating Posters

Choose the poster type, select vehicle details, enter offer details, and choose a theme/background.

Step 4 — Download & Use Instantly

Download high-quality posters ready to use immediately across social media and WhatsApp.

4. Pricing Plans

All paid plans include the same poster categories (Sales, Wishes, Hiring, Delivery, and Price Hike posters). Plans differ only by the number of creatives included and the billing cycle. Prices are in Indian Rupees (₹).

Quarterly Billing

Plan	Price/Month	Billed Quarterly	Creatives Included
Basic	₹3,000	₹9,000	90 creatives / quarter
Premium	₹5,000	₹15,000	150 creatives / quarter
Ultimate	₹7,000	₹21,000	210 creatives / quarter

Yearly Billing

Plan	Price/Month	Billed Annually	Creatives Included
Basic	₹2,750	₹33,000	360 creatives / year
Premium	₹4,200	₹50,400	600 creatives / year
Ultimate	₹5,250	₹63,000	840 creatives / year

Free Option

Users who want to explore the platform first can sign up for a free account, which includes 3 free poster credits (no payment required to start). This is the option to offer users asking “can I try it before I pay?”

5. Content Ownership & Trust

All content generated via dealerDeck.ai is 100% owned by the dealership that created it. Dealerships have full commercial usage rights and can use the creatives across their website, social media, and print materials with no additional licensing required.

Note: the traditional stock content library is still available for users who prefer it, though dealerDeck.ai recommends the AI tools for unique, localized content that competitors won't have.

6. Frequently Asked Questions

Q: Is dealerDeck.ai the same as a design agency?

A: No. dealerDeck.ai is an AI-powered studio that provides agency-level tools at a fraction of the cost. Users can generate professional backgrounds, compose multiple models, and create festive posters instantly without waiting on manual design work.

Q: I have a subscription — what happens now?

A: Existing subscriptions remain fully active. Subscribers get immediate access to all new features, including the multi-model compositor and the latest AI studio environments as they're released.

Q: Will stock content still be available?

A: Yes, the traditional stock library remains available. However, dealerDeck.ai recommends using the AI tools instead, to create unique, localized content that competitors don't have access to.

Q: I already have a paid plan. What happens to it?

A: Nothing changes with billing. The existing plan is automatically upgraded to include the new AI Studio features at no additional cost during the current promotional period.

Q: Who owns the content I create?

A: The dealership does. All content generated via dealerDeck.ai is 100% owned by the user for commercial use, with full rights to use it across websites, social media, and print materials.

7. Account Access & Key Links

Purpose	URL
Homepage	https://dealerdeck.ai/
Log in	https://dealerdeck.ai/app/login
Sign up (create account)	https://dealerdeck.ai/app/signup
Dashboard	https://dealerdeck.ai/app/dashboard
Terms & Conditions	https://dealerdeck.ai/terms
Privacy Policy	https://dealerdeck.ai/privacy

8. Contact & Support Escalation

- Support email: info@dealerdeck.ai
- Phone: **9876543210**
- Users wanting a live walkthrough before purchasing can request a demo via the “Request Demo” option on the homepage, providing: Dealership Name, Phone Number, Brand Name (e.g. BMW, Toyota), and Location. The demo messaging notes plans start as low as **■3,000/month**.

9. Social Proof (for context, not to quote verbatim to users)

The site cites dealership customers including Tata Motors, Toyota, and Kia authorized dealerships using the platform for social media management across multiple branches, festival campaigns, new model launches, and multi-model range compositions. Site-wide marketing also cites 10,000+ dealership marketers using the platform and a 4.9/5 rating from 500+ users. Support agents should treat these as marketing claims from the website rather than verified figures.

10. Quick Guidance for Common Support Questions

“How do I get started?”

Direct them to sign up at <https://dealerdeck.ai/app/signup>, then follow the 4-step process: register, set up dealership profile, choose a plan (or start free), then create their first poster.

“How much does it cost?”

Share the pricing tables above. Confirm whether they want quarterly or yearly billing, and mention the free account option with 3 free credits if they want to try it first.

“Can I try before I pay?”

Yes — a free account includes 3 free poster credits, no payment required upfront.

“Who owns the posters I make?”

The dealership does, 100%, with full commercial rights.

“What kinds of posters can I make?”

Refer to the 7 poster types in Section 2 (Single Model, Multi Model, Range, Price Hike, Hiring, Wishes, Delivery).

“I want a live demo”

Point them to the Request Demo form on the homepage (needs dealership name, phone, brand, location).

Source note: This document was compiled directly from the public dealerdeck.ai homepage (HTML content provided by the requester). It reflects marketing copy, pricing, and FAQ content as displayed at the time of compilation and should be refreshed if the website is updated.
